ROME SAFETY TIPS & COMMON SCAMS TO AVOID

Common Tourist Scams in Rome:

1. **Fake police** Real police won't ask for your wallet. Ignore anyone claiming to be police on the street.
2. **Bracelet scams** Strangers offer "free" bracelets, then demand money. Say "no" firmly.
3. **Overpriced restaurants** Avoid places with picture menus near major attractions. Eat where locals eat.
4. **Taxi overcharges** Use official white taxis or book Uber. Agree on price beforehand.
5. **Pickpockets** Keep valuables secure. Avoid crowded metro during peak hours.

Safety Tips:

- Stay in groups (you have 7 people great!)
- Keep phones and wallets secure
- Avoid walking alone at night in unfamiliar areas
- Use hotel safes for passports and extra cash
- Book attractions online in advance to avoid scams

PRACTICAL TIPS FOR JULY IN ROME

- **Heat:** It's very hot (35-38C). Drink lots of water, wear sunscreen, visit attractions early morning or late afternoon.
- **Crowds:** July is peak season. Book tickets online in advance.

- **Dress:** Light, breathable clothing. Comfortable walking shoes (you'll walk 15,000+ steps daily).
- **Pool time:** The hotel pool is perfect for cooling off in the afternoon heat.
- **Public transport:** Buy a Roma Pass (48-hour) for unlimited metro/bus access (~35 shekels per person).
